Bermuda & Caribbean Cruise from New York

aboard the *Explorer of the Seas*

May 27 - June 5, 2010

The “**Explorer of the Seas**,” there's never been a cruise ship like it. Enjoy one-of-a-kind features like an ice-skating rink, the Royal Promenade and a rock-climbing wall. The Explorer offers more space for every guest, plus enhanced staterooms, expanded dining options and exceptional recreational facilities. This cruise ship is so high-tech, it even features the University of Miami Ocean Lab, a state-of-the-art oceanographic and atmospheric science lab.

We'll depart from **Cape Liberty** and enjoy two fabulous days at sea en route to **Bermuda**, a romantic destination rich in British custom, with its pink-sand beaches and sparkling turquoise waters. We'll dock in **Kings Wharf**, an area that is home to a wide array of sea life and birds. Enjoy a day at sea before we dock in **St. Maarten**, a cosmopolitan island which features two original forts, charming architecture and pristine beaches. Next, browse through the shop-lined streets and find out why **St. Thomas, USVI** is called the “duty-free shopping capital of the world.” Or, ferry over to beautiful **St. Johns** which boasts some of the most beautiful beaches. Next, enjoy sunny **San Juan, Puerto Rich** where we can stroll the streets in Old San Juan or visit the El Yunque Rain Forest. We'll enjoy two fun-filled days at sea before returning home.
